

## What the bill does

**The Energy from God bill sets aside \$1 billion in grant funding to provide free solar installations to lower energy costs for communities.**

## Who is Eligible

Grants are available statewide to religious institutions, schools (elementary, middle and high) as well as government-owned buildings

## Grant Preference

Preference is given to low income urban and rural areas

## Who will fund this program

**Virginia energy companies fund the program to support their pledge to provide renewable energy for Virginians**
